# MESSI

Lionel Messi is an Argentinian footballer widely regarded as one of the greatest players of the modern generation. He plays for FC Barcelona and the Argentina national team. He has won FIFA world player of the year four times. He has often been described as Diego Maradona's successor because of his prolific goal scoring record and ability to dribble past opponents. Not only is he one of the best players but has broken many other records.

People have very different options when it comes to music of genres you can choose from; but do you listen to it as hard for some people to enjoy. Most people listen to just about beats. As crazy as it might sound, most people consider lyrics to be trash. In the old song or its the same many more thought

music now a days. There can be all types of music. Lets just say techno is a type of music that people enjoy lyrics while some are not. Most people now consider it as sound. In my sense that, it either comes from an old song or lyrics just mixed up. I mean how many rhymes can you come up with in the modern music era. Its best to say that its getting repetitive. With that said people are now focusing on how the songs sound like beats and sounds go along rather than lyrics. That is why electronic music like techno is getting more and more popular. Electronic music started in Paris, France around the 1940s. EDM stands for Electronic Dance Music, it is a form of electronica which is generally made with the intention of being

ics. music is more popular than in the 1940s. EDM is a form of music with the intention of being danced to, making it generally club friendly and often an up tempo in nature. As crazy as it might sound, people finally want to dance again like the first eras of disco. In 2018, Billboard released a market statistic that proved the value and worth of the electronic dance music market. In this statistical statement, the company shows a 12-percent growth within one year where many changes took place with this musical revolution. EDM has since been incorporated in various genres and subgenres.
